The Dutch Kills Civic Association was organized in 1980 to promote a greater awareness of the community to elected officials and city agencies.

The Association's goal is to assist all segments of the community and to induce cooperation between business and residents. Open meetings are held the 2nd Thursday of each month (with the exception of January, July and August) at St. Patrick's School. Call 718.786.2049 (Gerald Walsh, President) or visit www.dutchkillscivic.com for details.

The Central Astoria Local Development Coalition is a non-profit neighborhood preservation organization with a mission to maintain the health and well being of Astoria's business community. Working with business organizations and government agencies, Central Astoria provides technical assistance and advocates for the business community.
